

Schedule USP-KCL Research Workshops: a Transatlantic Gateway

Workshop Area 3: Physics (Virtual Symposia)

Location: Physics Institute (IF) - Rua do Matão, 1371 - Cidade Universitária - CEP 05508-090 - São Paulo-SP – Brasil

12/05 – Thursday

9h Teleconference Set-up - Opening

C.R. Miranda (IFUSP) and Francesca Baletto (KCL)

9h10 Thomas Young Center

Alessandro De Vita (KCL) (TBC*)

9h20 Research Support Center for Nanotechnology and Nanosciences - (USP)

Koiti Araki (IQ-USP)

9h40 An overview on experimental activities

David Richards (NMS Faculty Vice-Dean of Research, KCL)

10h Q & A session I

10h10 Break

10h20 Theory & Simulation of Condensed Matter at KCL

Francesca Baletto / Chris Lorenz (including CANES) (KCL)

10h40 Theory & Simulation of Condensed Matter at USP

C.R. Miranda / Marilia Caldas (IFUSP)

11h Students talks on campus life at USP e KCL

11h15 Q & A session II

11h30 Break

11h35 ROUND TABLE - On-going collaborations, potential shared facilities and future collaborative plans (e.g. thematic projects, sandwich PhD programme)
