

What is RNE?

RNE (Registro Nacional de Estrangeiro) is a mandatory document for the temporary resident in Brazil, once it legitimates your stay in the country. The exchange student must register at a Brazilian Federal Police office within 30 days upon his arrival and apply for a foreign person ID Card (CIE = Carteira de Identidade do Estrangeiro). In the first months, until the definitive card is issued, a receipt (protocol) will be issued. This protocol is needed to obtain the CPF Number, to open a bank account, and to the execution of other activities.

How do I apply for it?

The first steps are online. Acess the website
