## Graduate Student Guide

USP

AUCANI USP

A foreign  student interested in undertaking graduate studies at USP
must get in touch directly with the Graduate Section of the School
where they wish to study.
For information on existing Graduate Programs, please go to:
<http://www.prpg.usp.br/index.php/en/>

## Program for Partner Graduate Students (PEC-PG)

PEC-PG is a cooperation program with countries from Africa, Asia, Oceania, Latin America, the
Middle East and the Caribbean. Foreign students interested in applying to a graduate program
via PEC-PG must get in touch directly with the School where they wish to study, in order to be
informed of the necessary documents and procedures for that specific School.
Applicants must send the following basic documents:

• A copy of the student's transcript, diploma and Birth Certificate, all duly recognized by the
  Brazilian Embassy
• Certificate of Proficiency in Portuguese Language for Foreigners (CELPE-Bras)
• A copy of the curriculum in Portuguese
• Two reference letters and a Research Project or Study Plan (according to the models found in
  the PEG-PG Manual)
• Acceptance letter issued by USP on one of its Graduate Degree Programs (Masters or PhD)
For more information, please go to: <http://www.dce.mre.gov.br/>

# Admission
## as a regular student

Foreign students interested in doing part of their graduate studies at USP under the exchange program must get in touch directly with the Graduate Section of the School where they wish to study.
For information on existing Graduate Programs, please go to the website: <http://www.prpg.usp.br/?page_id=19>

## Selection Process

The International Office only conducts a prior analysis of the received documents in order to accept (or not) the candidate's application. Further analysis of the information provided by the applicant and his/her possible acceptance are undertaken by the School where he/she intends to study and will take up to approximately 60 days after the subscription deadline.

## Health Insurance

During his/her stay in Brazil, the foreigner will be allowed to use the services of the Brazilian Public Health System only in case of emergency. For this reason, Universidade de São Paulo demands that students obtain health insurance (travel insurance), which should be purchased in their home country prior to their arrival in Brazil. The insurance policy must be valid for the entire period of intended stay in the country. The choice of one specific travel insurance or another is the student's responsibility.

## After arrival

Once in Brazil, the foreign student must present himself/herself to the USP International Local Office in order to be introduced to the university and receive instructions regarding the necessary procedures.
The International Local Office staff will provide information about:
- USP ID card;
- Portuguese course enrollment;
- Signing up for classes;

Student Single Transportation Card ("Bilhete Único Estudantil") , through the USP Superintendence for Social Assistance (SAS);
Homestay Program

## Portuguese Classes for Foreigners

All the university's activities are held in Portuguese. The Language Center of the Faculty of Philosophy, Languages and Literature, and Human Sciences (FFLCH), at Cidade Universitária Campus, offers a Portuguese language course for USP's exchange students.
