Undergraduate Student Guide

Admission

as a regular student

1 Admission Test (“Vestibular”)

The admission test - “Vestibular” - is organized every year by Fundação Universitária para o Vestibular (FUVEST). It is commonly applied between November and January. All the exams are held in Portuguese, and in Brazil.

Further information can be found at: <http://www.fuvest.br/>

2 Entrance examination Sisu

Some vacancies are filled through the Sisu - unified national selection system - to candidates participating in the National High School Exam (Enem).

3 Transfer

Transfer from other higher education institutions (both Brazilian or foreign) is only possible when vacancies are available after regular enrollment and internal transfer processes (from one USP School to another). This admission process happens via pre-selection and specific examinations, both applied by FUVEST.

For more information, access www.fuvest.br -> Transferência.

3 Program for Partner Undergraduate Students (PEC-G)

This is a cooperation program between Brazil and countries with which Brazil maintains educational and cultural agreements with (especially from Africa, Latin America and the Caribbean).
