

The image shows the main building of The University of Manchester, a large, ornate Gothic Revival structure with a prominent central tower. The building is made of light-colored stone and has a red-tiled roof. There are trees in the foreground and background, and a few people can be seen walking on the sidewalk in front of the building.

# THE MANCHESTER INTERNATIONAL SUMMER SCHOOL

## Join the Manchester International Summer School (MISS) in July 2014 for a three-week course which allows you to explore British culture and history, and discover the contemporary Manchester and its region.

Two hundred years ago the modern world began in Manchester. In this city, entrepreneurs and workers created the economic and political structures of modernity. Simultaneously, political thinkers, social reformers, artists and writers sought to understand the significance of those changes. What happened in Manchester between 1750-1850 changed the world.

MISS is a multi-disciplinary course which explores British culture and history through the prism of Manchester and its region. Do you want to know how industrialisation changed everything - from how we work and where we live, to what we do in our leisure time? Are you interested in the role played by Manchester and Liverpool in the development of British popular music? How football developed from a leisure pursuit to a multi-billion pound industry? How what happened in Manchester impacted on the Bronte sisters in Haworth? How the inhabitants of the 'real' Downton Abbey coped with these changes? Then this is the course for you.

At MISS you will explore Manchester through lectures and seminars with leading academics. You will be given an opportunity to develop a wide range of academic skills. Our Summer School is both intellectually challenging and pleasurable. We will take you to art galleries, museums, stately and historic homes, and show you the city's celebrated Victorian and modern architecture.

We look forward to welcoming you to the University of Manchester and to our exciting city in **July 2014**.
